Summary: The Boys & Girls Club has summer field trips scheduled on Wednesdays and Fridays in June, July, and the first week of August. Because they have to keep enough people in ratio to the children on the trip, plus have a minimum of one worker at the club at all times, there are occasions when some children can't go on trips.

They need a couple of dedicated volunteers that can go on the field trips in order to satisfy the teacher-student ratio necessary for state requirements.

Each volunteer must fill out an application and undergo a background check, which is paid for by the Boys and Girls Club. The schedule varies depending on the trip; some leave in the morning and some leave around noon. Most are 4 hours or less.

There are trips that are longer in duration, one of which is to Chattanooga.

This is an excellent opportunity to work with children for those that have some free daytime hours!

WE NEED PARTNERS FOR:

Estimated Cost: Approximately \$5.00 per trip

Volunteers: 2-4 per trip depending on availability
