Summary: Rule Youth Sports uses Ralph Hutchins Stadium under contract with Knoxville College, and has to maintain the stadium according to the terms of their agreement.

Coach Howell Young, who is disabled, keeps the yard mowed himself, but is unable to do heavy yard work or heavy manual labor. Bushes and small trees grow up in areas surrounding the field and in the fence lines, and there are items inside the dressing rooms that need to be thrown away.

He needs some volunteers with chain saws, pruners, weed eaters, and other equipment necessary to clean the perimeter. He also needs help throwing away accumulated junk in the dressing rooms.

All this could be completed on a Saturday morning with enough volunteers. He can get a dumpster delivered for free if he can get the volunteers to do the work.

The work day needs to be completed before the last week of July if possible.

WE NEED PARTNERS FOR:

Estimated Cost: \$.00

Volunteers: 10-20 people with equipment as listed above
- chain saws, pruners, weed eaters, and other equipment necessary to clean the perimeter-
